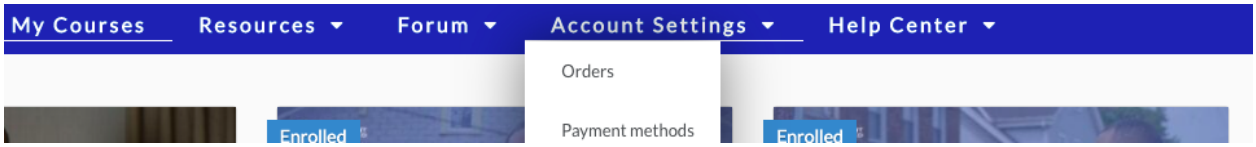
***How to Update Your Payment Details***

If you are looking for instructions on how to update your payment details, then this is the article for you!

If you ever need to update your payment details, all you have to do is login and then go to the Membership Homepage.

Once you're there, go to "Account Settings" on the title bar, and select "Payment Methods."



You can then add or edit the payment details yourself.

This next screen is where you update your credit card information to include your card number, the expiration date, and the secure code (located on the back of the card).
