

## ***Tried Resetting Password and Still Can't Get in?***

If you've tried resetting your password and still cannot enter your member area, then this article is for you!

We apologize for any inconvenience this has caused. To better resolve this issue, use the [Closed Facebook Group](#) to get access.

Here's the process:

1 - Simply go to the [Closed Facebook Group](#).

2 - Next, request that we look into your username and password because you're having trouble logging into your member area.

We'll respond to your request within one business day.

That's it!

*Still need help?* [Contact us](#).
